Google Maps keyword: Saureel Vineyards, 1140 Cold Springs Road:

Saureel Vineyards extend on each side of Cold Springs Road, but let's **meet in the parking lot at the winery entrance prior to and after our painting adventure**. Port-a-poddy will be located near the parking lot. After the initial meeting, if you want to paint on the other side of Cold Springs Road, please DRIVE across the road and park your car in the Graham's Pear Shed parking area (DO NOT CROSS THE ROAD ON FOOT).

Last words:

Hope to see you all out here. If you have never painted outside, now is the time! Painting outside gives you a depth and color you cannot replicate from a photo. Do not be intimidated, this could be that life changing experience! This trip is open to all manner of media including photography.
